

STAFF MOTIVATION: "PIRATES VS NEANDERTHAL"

Short description:

The **Mövenpick Resort & Spa** in El Gouna, Egypt, has found an alternative solution for staff motivation.

To motivate their staff, activities or excursions are being organized. Actions like cleaning the beach are implemented in a new way; staff is being divided into teams competing against each other in games. To add fun, the teams get names and dress up accordingly (for example: Pirates vs. Neanderthal). Naturally, the best team will win the prize (or in this case the treasure).

Additional information:

More information about the hotel can be found here:
